

# ECE2023

2023 International Conference on  
Electronic and Computer Engineering

**UTM**  
UNIVERSITI TEKNOLOGI MALAYSIA

**4 - 5 July 2023**  
**Virtual Conference**

## Call for papers

The 1st International Conference on Electronic and Computer Engineering (ECE 2023) will be held virtually online on 4-5 July 2023. The conference is organized by the Division of Electronic and Computer Engineering, Faculty of Electrical Engineering, Universiti Teknologi Malaysia.

The main objective of ECE 2023 aims at bringing together researchers from industry and academia from all over the world to gather and explore various issues and trends in the field of Electronics and Computer Engineering. This conference provides opportunities for the researchers to share their research and experiences, establish research relations, and globally collaborate among them.

The ECE 2023 is a prominent international forum on four main tracks which are Machine Learning and Pattern Recognition, Nanotechnology and Advanced Materials, Biosensors, Biosignals and Biomedical Imaging and VLSI & Computer Architecture.

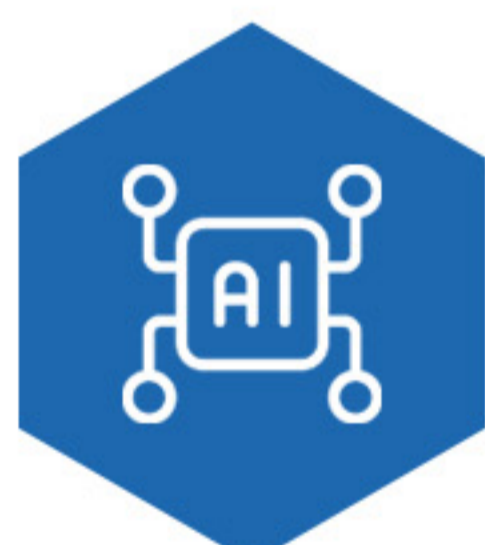

**Closing date**

15 Feb 2023

**31 Mac 2023**

Extended

### FOUR CONFERENCE TRACKS:

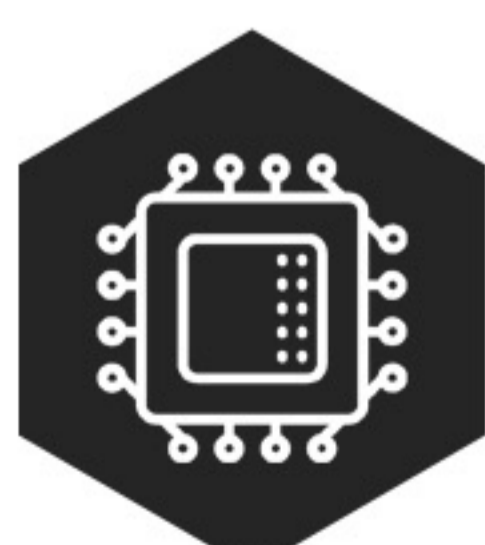

**Machine Learning and  
Pattern Recognition**

**Nanotechnology and  
Advanced Materials**

**Biosensors, Biosignals and  
Biomedical Imaging**

**VLSI and Computer  
Architecture**

### IMPORTANT DATES

1 Jan 2023 Call for paper

15 Feb 2023 **31 Mac 2023** Submission of full paper

31 Mar 2023 Notification of acceptance

10 May 2023 Registration

30 May 2023 Submission of camera-ready paper

4 - 5 July 2023 Conference day

### PUBLICATION

All accepted papers will be published in Journal of Physics: Conference Series that is indexed by Scopus.
