## Accelerating Low Carbon Development in Asia & Beyond

### Introduction

International Conference of Low Carbon Asia (ICLCA) 2016 is the second conference in the series. The first conference was initiated in collaboration with LoCARNet (Low Carbon Asia Research Network, IGES, Japan) in the year 2015.

Universiti Teknologi Malaysia, UTM will be the main organizer for ICLCA. To enhance the successfulness of this event, few established national and international institutes are invited as co-organisers such as Waste Management Association of Malaysia, University of Nottingham Malaysia Campus, Malaysia-Japanese International Institute of Technology, Okayama University – Japan, Institute of Global Environmental Studies-Japan.

The main agenda of ICLCA is to discuss and share knowledge on the state-of-the-art advancement of sustainable development. The conference will cover topics inter-correlating the three pillar of sustainability that is the environment, economy, and social.

By sponsoring us, this will be a testimony to your commitment towards promoting transformation and governance of low carbon societies in Asia and beyond.

If you are interested to take this opportunity, kindly revert to [utmlowcarbon.sponsorship@gmail.com](mailto:utmlowcarbon.sponsorship@gmail.com) by filling in the reply form and scanning a copy of your payment slip.

For any further inquiries, kindly visit <http://www.utm.my/iclca/> or contact the Head of Sponsorship Department, Dr. Lim Jeng Shiun at +60127800221 or e-mail to [jslim@cheme.utm.my](mailto:jslim@cheme.utm.my).
